Attendance of pupils 19-20 (Sept 2019 and 20 Mar 2020)	96.3%	Attendance of pupils 20-21	96.6%	Number of pupils who have not returned to school	0 - All returned
2a Barriers to Future Attainment and Progress					
Academic Barriers					
A.	Pupils across the school have learned less between March and July 2020 due to the lockdown/ partial school opening period. On return to school, pupils are not 'where they should be' from their own ages and stages of learning.				
B.	Staff are not in the habit of using technology as effectively as is now required, due to lack of experience, a gap in CPD provision and access to limited resources. This has come to light during the Covid period and highlights a need for rapid improvement to secure continuity of learning as the school year unfolds.				
Additional Barriers (including issues such as attendance, social and emotional issues manifesting themselves in behaviours, bereavement, or other areas of loss)					
C.	Attachment issues and pre-existing behaviour needs have been exacerbated by the extremities of the lockdown period (not attending full time) and subsequent return to school (attending full time). Pupils from the PP and SEND groups who had previously been settled in school are exhibiting anxiety and a lack of emotional regulation which is impacting on their relationships.				
D.	Attendance of a small number of pupils is low. Additional support is required in order to help these families in improving attendance levels.				
2b Intended Outcomes (specific outcomes and how they will be measured)			Success Criteria		
A.	Teachers will understand 'where pupils are' in their learning, particularly regarding basic skills, so that plans can be devised and executed to accelerate pupil progress; teachers will focus on supporting pupils to build confidence, knowledge and skills across the curriculum so that gaps close and pupils are 'back on track' for age-related expectations, and next transition, by July 2021.		<ul style="list-style-type: none"> <li>Data will be available to show current position of pupils in core and foundation subjects (NFER, Century Tech &amp; other)</li> <li>Action plans and individualised programmes will outline what groups of, and individual, children need to work on and achieve on a termly basis</li> <li>Monitoring procedures and pupil workbooks will attest to rapid progress of pupils in identified areas</li> </ul>		
B.	Teachers will utilize digital platforms effectively and efficiently to support teaching and learning, whether based in school or at home, providing continuity of learning for pupils; teachers and staff will have a renewed confidence in computer skills; teachers will have the necessary tools to deliver quality learning through the use of individual laptops		<ul style="list-style-type: none"> <li>Laptops available for all class teachers</li> <li>CPD accessed and developed so that teachers can confidently provide improved digital learning</li> <li>Continuity of learning established in times of lockdown or home-based working (pupil or adult)</li> <li>Pupil feedback will reflect high level of engagement</li> </ul>		

		<ul style="list-style-type: none"> <li>Teachers will report a workload reduction and/or ease of working through digital developments</li> </ul>
C.	Identified pupils will find it easier to regulate their emotions, self-control and behaviour; learning will be more readily accessed and retained due to being more frequently and reliably 'ready to learn'	<ul style="list-style-type: none"> <li>Reduction by 50% in outbursts, meltdown and swearing by mid-point of year; by July 2021, ready to transition into next class</li> <li>Clear strategies and joint scripts in place for supporting inclusive children – so that all staff know who is involved and how to handle challenges</li> <li>Increased time in lessons within the classroom for the inclusive pupils identified: in class for at least 50% of lessons alongside peers</li> <li>Monitored effectiveness of increased support levels</li> </ul>
D.	Identified pupils will return to school more consistently; by the end of each term, % attendance will be stronger by 10%, by comparison	<ul style="list-style-type: none"> <li>Improved attendance, steadily evident in pupil attendance data</li> <li>Action plan in place for how to escalate involvement from school and outside agencies to promote good attendance – in line with attendance policy</li> </ul>

## 2. Planned Expenditure

The three headings enable you to demonstrate how you are using the catch-up funding to provide targeted support and supporting whole school / year group or individual strategies. Please note - funding should not be spent on IT hardware, but may be spent on software, in discussion with your DoPS.

The EEF is publishing this guide to help teachers and school leaders support their pupils following the Covid-19 closures.

It offers an overview of relevant evidence and links to key resources. It is designed in particular to support and inform schools' decisions about how to use catch-up funding announced in June 2020.
